The letter is going out today. I'll send a copy to Paul along with the concurrence copy. It's going by certified mail to D&Z. Kristen should get the green card showing receipt and will also send that to Paul when she gets it.

FYI, I will open up the oil fund tomorrow for \$8,000 to fund oversight activities which may take a year or more (according to KCC)

p.s. I'm impressed with the "new" CNSL initiative! Did someone finally install motion detectors down there?

We can get it ready for concurrence. You and Scott are out. Will you concur by email? Who should sign/who is acting for Scott?

We can probably get this out tomorrow. That's the way CNSL rolls.

Paul – here's an updated version that mentions the KCC, per your request. Take a look and see what you think, thanks.

Here's a draft. I changed the last sentence given the company has previously stated they want to comply. Take a look and see what you think, thanks!
